REMARKS

The submission is in response to the Notice of Allowance dated December 28, 2007, and is made before the payment of the issue fee.

In the drawings, Applicant has amended FIG. 1 to remove duplicate labels for different elements of the system depicted in FIG. 1. The specification was amended to reflect this change in the paragraph beginning on page 2, line 24.

Applicant respectfully submits that no new matter has been added via the foregoing amendments to the specification and drawings.

CONCLUSION

Applicant respectfully submits that the amendments set forth herein provide for clarity and proper disclosure of the invention. Applicant further believes that the amendments do not require any substantial amount of additional work on the part of the Office. Consequently, Applicant respectfully requests the Examiner to recommend entry of this Amendment.

The Commissioner is hereby authorized to charge any fees that may be required, or credit any overpayment, to Deposit Account Number 50-2469.
